## 1. INTRODUCTION

- Safeguarding is defined as protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes. (Working Together to Safeguard Children, DfE, 2018, pg.6)

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular this policy should be read in conjunction with the Safer Recruitment Policy, Behaviour Policy, Physical Intervention Policy, Anti-Bullying Policy, Code of Conduct/Staff Behaviour Policy, E-safety Policy and ICT Acceptable Usage Policy. A copy of Part One Keeping children safe in education (2021) and should be signed to say it has been read and understood.

### **Purpose of a Child Protection Policy**

To inform staff, parents, volunteers and trustees about the school's responsibilities for safeguarding children.

To enable everyone to have a clear understanding of how these responsibilities should be carried out.

### **Hertfordshire Safeguarding Children Partnership Procedures**

The school follows the procedures established by the Hertfordshire Safeguarding Children Partnership (HSCP); a guide to procedure and practice for all agencies in Hertfordshire working with children and their families.

<http://hertsscb.proceduresonline.com/index.htm>

### **School Staff & Volunteers**

All school and college staff, including supply staff, volunteers and contract workers have a responsibility to provide a safe environment in which children can learn.

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training, including online safety (which is updated regularly – Hertfordshire Safeguarding Children Partnership advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Temporary staff, supply staff, contractors and volunteers will be made aware of the safeguarding policies and procedures by the Designated Safeguarding Lead-including The Child Protection Policy and Staff Behaviour policy (code of conduct).

### **Mission Statement**

Establish and maintain an ethos and culture where children feel secure, are encouraged to talk, and are listened and responded to when they have a worry or concern.

Establish and maintain an ethos and culture where school staff and volunteers feel safe, are encouraged to talk and are listened and responded to when they have concerns about the safety and well-being of a child.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children, who have additional/unmet needs are supported appropriately. This could include referral to early help services or Child Protection Contacts to specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. Refer to KCSiE (DfE 2021), pg. 31-33

Staff members working with children are advised to maintain an attitude of 'it could happen here' and 'it could be happening to this child', where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child.

### **Implementation, Monitoring and Review of the Child Protection Policy**

The policy will be reviewed at least annually by the Board of Trustees. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Safeguarding Lead and through staff performance measures.

## 2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Children and Social Work Act 2017
- Education Act 2002 (Section 175/157)  
*Outlines that Local Authorities and School Governing Bodies have a responsibility to “ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils”.*
- Hertfordshire Safeguarding Children Board Procedures Manual (Electronic)
- Keeping Children Safe in Education (DfE, September 2021)
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74 ,Serious Crime Act 2015)
- Anti-social Behaviour, Crime and Policing Act 2014 makes it a criminal offence to force someone to marry. Includes taking someone overseas to force them to marry (whether or not the forced marriage takes place).
- Serious Violence Strategy 2018
- Sexual violence and sexual harassment between children in schools and colleges (DfE 2017)

### **3. THE DESIGNATED SAFEGUARDING LEAD - DSL**

The Board of Trustees and Head should ensure that the School designates an appropriate senior member of staff to take lead responsibility for child protection. This person should have the status and authority within the School to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.

The Designated Safeguarding Lead (DSL) in this school is:

Amber Cook – Acting Deputy Headteacher

The Deputy Safeguarding Leads in this school are:

Justine Skelton  
Adam Lancaster  
Ben Farlow

**The broad areas of responsibility for the Designated Safeguarding Lead are:**

- Managing Child Protection Contact referrals and cases
- Contacting the Child Protection Consultation Hub when advice is needed regarding child protection concerns which possibly meet the threshold for statutory intervention.
- Completing Child Protection Contact Referrals for all cases of suspected abuse or neglect where there is a risk of significant harm to the child/young person, Police where a crime may have been committed and to the Channel programme where there is a radicalisation concern
- Liaise with the Head Teacher or Principal to inform him/her of issues - especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations.
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a Child Protection Contact Referral by liaising with relevant agencies.
- Support staff who make Child Protection Contact Referral and other service referrals.
- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.
- Ensure they have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child.

#### **Training - KCSiE (DfE, 2021)**

The Designated Safeguarding Lead should undergo formal training every two years. The DSL should also undertake Prevent awareness training every 3 years. In addition to this training, their knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments) at least annually to:

1. Understand the assessment process for providing early help and intervention, including local criteria for action and local authority children's social care referral arrangements.

2. Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.
3. Ensure each member of staff has access to and understands the School's safeguarding and child protection policy and procedures, especially new and part time staff.
4. Be alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers.
5. Understand the importance of the role the designated safeguarding lead has in providing information and support to children social care in order to safeguard and promote the welfare of children
6. Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
7. Understand the importance of information sharing, both within the school and college, and with the safeguarding partners, other agencies, organisations and practitioners. (Full details in Chapter one of Working Together to Safeguard Children)
8. Understand and support the School with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation.
9. Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college
10. Can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online
11. Be able to keep detailed, accurate, secure written records of concerns, Child Protection Contact Referrals alongside referrals to other agencies.
12. Obtain access to resources and attend any relevant or refresher training courses.
13. Encourage a culture of listening and responding to children and taking account of their wishes and feelings, among all staff, in any measures the School may put in place to protect them.
  - **Raising Awareness - The designated safeguarding lead should:**
    - Ensure the School policies are known, understood and used appropriately.
    - Ensure all staff including part time, contractors, volunteers and supply staff are aware of the school or college's policies, that these are understood and used appropriately.
    - work with the board of trustees to ensure that the school's child protection policy is reviewed annually, and the procedures and implementation are updated and reviewed regularly.
    - Ensure the safeguarding and child protection policy is available publicly and parents are aware that advice regarding child protection concerns could be sought from the Child Protection Consultation Hub and that the Child Protection Contact Referral about suspected abuse or neglect may be made. Ensure parents or carers are aware of the school or college's statutory role regarding safeguarding of children

- Link with Hertfordshire Safeguarding Children's Partnership (HSCP) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school and college leadership staff.
- Where children leave the School, ensure the file for safeguarding and any child protection information is sent to any new school/college as soon as possible but transferred separately from the main pupil file. The file should not be sent until the child is physically attending the new school.
- Schools should obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child unless the case is currently open in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information).
- consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

## 4. THE MANAGEMENT OF SAFEGUARDING

The Board of Trustees must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are always effective and comply with the law.

The nominated Trustee for child protection is: Bev Bevan

The responsibilities placed on the Board of Trustees include:

- their contribution to inter-agency working, which includes providing a co-ordinated offer of early help when additional needs of children are identified.
- ensuring that an effective child protection policy is in place, together with a staff behaviour policy.
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2021) or Annex A (The following is a condensed version of Part one of Keeping children safe in education. It can be provided (instead of Part one) to those staff who do not directly work with children (if the governing body or proprietor think it will provide a better basis for those staff to promote the welfare and safeguard children.) of KCSiE (DfE, 2021) Annex B KCSiE (DfE, 2021) on specific safeguarding issues and are aware of specific safeguarding issues.
- ensuring that staff induction is in place with regards to child protection and safeguarding.
- Ensuring that Information regarding the role and identity of the designated safeguarding lead (and any deputies), should be provided to all staff on induction.
- appointing an appropriate senior member of staff to act as the Lead Designated Safeguarding Lead. It is a matter for individual schools as to whether they choose to have one or more Deputy Designated Safeguarding Lead.
- ensuring that all of the Designated Safeguarding Leads (including deputies) should undergo formal child protection training every two years (in line with KCSiE and HSCP procedures) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments).
- prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns.
- ensuring that children are taught about safeguarding, including online safety. Schools should consider this as part of providing a broad and balanced curriculum.
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support Trustees is provided in Annex C of **Keeping Children Safe in Education (DFE 2020)**.
- Having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements.
- Headteachers and principals should ensure that the above policies and procedures, adopted by governing bodies and proprietors, and particularly concerning referrals of cases of suspected abuse and neglect, are followed by all staff.

- Ensure that the school or college contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children (DfE,2018).
- New safeguarding partners and child death review partner arrangements are in place
- Should understand the local criteria for action and the local protocol for assessment and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the three safeguarding partners
- Schools and colleges should work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans.
- Ensuring arrangements are in place that set out clearly the and principles for sharing information within the school or college and with the three safeguarding partners, other organisations, agencies and practitioners as required.
- Ensure child protection files are transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained
- Ensure that all staff undergo child protection training (including online safety) at induction. The training should be regularly updated. Induction and training should be in line with advice from the local three safeguarding partners (HSCP) 3 years.
- All staff should receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, and at least annually
- Opportunity should therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.
- Ensure that children are taught about safeguarding, including online safety. Schools should consider this as part of providing a broad and balanced curriculum. Education (for all primary pupils) and Relationships and Sex Education (for all secondary pupils) and Health Education (for all pupils in state-funded schools) Mandatory since September 2020.
- Governing bodies and proprietors should prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring volunteers are appropriately supervised.
- Ensure school have written recruitment and selection policies and procedures in place and at least one of the persons who conducts an interview has completed safer recruitment training
- Should ensure there are procedures in place (as described in part 4 of KCSiE) to manage concerns and allegations against staff including volunteers and supply staff
- There must be procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned. (refer to Type of DBS checks in KCSiE (DfE 2021) pg. 57
- All staff should be clear about their school's or college's policy and procedures with regard to peer on peer abuse.
- Where there is a safeguarding concern, ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide. Systems should

be in place for children to express their views and give feedback. Ultimately, all systems and processes should operate with the best interests of the child at heart.

- Ensuring that all of the DSLs, including deputies, should undergo formal child protection training every two years, in line with KCSiE and HSCP procedures, and receive regular, at least annual, safeguarding updates via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments, for example.
- Prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- Ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing bodies and proprietors is provided in Part 2 of KCSiE (DfE 2021).

## 5. WHEN TO BE CONCERNED

Knowing what to look for is vital for the early identification of abuse and neglect. All staff should be aware of the Indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection.

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

<b>Physical abuse</b>	
A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.	
<b>Child</b>	
Bruises – shape, grouping, site, repeat or multiple	Withdrawal from physical contact
Bite-marks – site and size Burns and Scalds – shape, definition, size, depth, scars	Aggression towards others, emotional and behaviour problems
Improbable, conflicting explanations for injuries or unexplained injuries	Frequently absent from school
Untreated injuries	Admission of punishment which appears excessive
Injuries on parts of body where accidental injury is unlikely	Fractures
Repeated or multiple injuries	Fabricated or induced illness -
<b>Parent</b>	<b>Family/environment</b>
Parent with injuries	History of mental health, alcohol or drug misuse or domestic violence.
Evasive or aggressive towards child or others	Past history in the family of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
Explanation inconsistent with injury	Marginalised or isolated by the community.

Fear of medical help / parents not seeking medical help	Physical or sexual assault or a culture of physical chastisement.
Over chastisement of child	

### Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as over protection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

#### Child

Self-harm	Over-reaction to mistakes / Inappropriate emotional responses
Chronic running away	Abnormal or indiscriminate attachment
Drug/solvent abuse	Low self-esteem
Compulsive stealing	Extremes of passivity or aggression
Makes a disclosure	Social isolation – withdrawn, a 'loner' Frozen watchfulness particularly pre school
Developmental delay	Depression
Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)	Desperate attention-seeking behaviour

#### Parent

#### Family/environment

Observed to be aggressive towards child or others	Marginalised or isolated by the community.
Intensely involved with their children, never allowing anyone else to undertake their child's care.	History of mental health, alcohol or drug misuse or domestic violence.
Previous domestic violence	History of unexplained death, illness or multiple surgery in parents and/or siblings of the family
History of abuse or mental health problems	Past history in the care of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
Mental health, drug or alcohol difficulties	Wider parenting difficulties
Cold and unresponsive to the child's emotional needs	Physical or sexual assault or a culture of physical chastisement.
Overly critical of the child	Lack of support from family or social network.

### Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
  - protect a child from physical and emotional harm or danger;
  - ensure adequate supervision (including the use of inadequate care-givers); or
  - ensure access to appropriate medical care or treatment.
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

<b>Child</b>	
Failure to thrive - underweight, small stature	Low self-esteem
Dirty and unkempt condition	Inadequate social skills and poor socialisation
Inadequately clothed	Frequent lateness or non-attendance at school
Dry sparse hair	Abnormal voracious appetite at school or nursery
Untreated medical problems	Self-harming behaviour
Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold	Constant tiredness
Swollen limbs with sores that are slow to heal, usually associated with cold injury	Disturbed peer relationships
<b>Parent</b>	<b>Family/environment</b>
Failure to meet the child's basic essential needs including health needs	Marginalised or isolated by the community.
Leaving a child alone	History of mental health, alcohol or drug misuse or domestic violence.
Failure to provide adequate caretakers	History of unexplained death, illness or multiple surgery in parents and/or siblings of the family
Keeping an unhygienic dangerous or hazardous home environment	Past history in the family of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
Unkempt presentation	Lack of opportunities for child to play and learn
Unable to meet child's emotional needs	Dangerous or hazardous home environment including failure to use home safety equipment; risk from animals
Mental health, alcohol or drug difficulties	

<b>Sexual abuse</b>	
<p>Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.</p>	
<b>Child</b>	
Self-harm - eating disorders, self-mutilation and suicide attempts	Poor self-image, self-harm, self-hatred
Running away from home	Inappropriate sexualised conduct
Reluctant to undress for PE	Withdrawal, isolation or excessive worrying
Pregnancy	Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
Inexplicable changes in behaviour, such as becoming aggressive or withdrawn	Poor attention / concentration (world of their own)

Pain, bleeding, bruising or itching in genital and /or anal area	Sudden changes in school work habits, become truant
Sexually exploited or indiscriminate choice of sexual partners	
<b>Parent</b>	<b>Family/environment</b>
History of sexual abuse	Marginalised or isolated by the community.
Excessively interested in the child.	History of mental health, alcohol or drug misuse or domestic violence.
Parent displays inappropriate behaviour towards the child or other children	History of unexplained death, illness or multiple surgery in parents and/or siblings of the family
Conviction for sexual offences	Past history in the care of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
Comments made by the parent/carer about the child.	Grooming behaviour
Lack of sexual boundaries	Physical or sexual assault or a culture of physical chastisement.

If staff have any concerns about a child's welfare, they should act on them immediately. If staff have a concern, they should follow this policy and speak to the Designated Safeguarding Lead or deputy. The Designated Safeguarding Lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

Any staff member should be able to make a Child Protection Contact Referral to Children's Services if necessary by ringing 0300 123 4043

All staff should be aware of the process for making Child Protection Contact Referrals to Children's Services and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm - from abuse or neglect) that may follow a contact referral along with the role they might be expected to play in such assessments.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

**Options will then include:**

- managing any support for the child internally via the School's own pastoral support processes;
- completing a Families First Assessment or a request for Support referral
- a Child Protection Contact referral for statutory services, for example as the child might be in need, is in need or suffering or likely to suffer significant harm from abuse or neglect.

**Extra Familial Harm (formerly Contextual Safeguarding)**

Safeguarding incidents and/or behaviours can be associated with factors outside the School and/or can occur between children outside the School. All staff, but especially the designated safeguarding lead (DSL) and their deputies should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

## **A child centred and co-ordinated approach to safeguarding**

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, each professional should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools and colleges and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

### **Children who may require early help (known as Families First in Hertfordshire)**

Families First is Hertfordshire's programme of early help services for families. A directory of early help services is available at [www.hertfordshire.gov.uk/familiesfirst](http://www.hertfordshire.gov.uk/familiesfirst) which will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Safeguarding Lead any ongoing/escalation of concerns so that consideration can be given to a Child Protection Contact Referral to Children's Services (Safeguarding and Specialist Services) if the child's situation doesn't appear to be improving.

If early help is appropriate, the designated safeguarding lead (or deputy) will generally lead on liaising with other agencies and setting up a Families First Assessment as appropriate.

### **Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:**

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- is at risk of modern slavery, radicalisation, trafficking or exploitation;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child.

School and college staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect** as well as being aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

*See Appendix 4 of this policy for information on indicators of abuse and Appendix A of KCSIE for specific safeguarding issues.*

## **Children with special educational needs and disabilities:**

Additional barriers can exist when recognising abuse and neglect in this group of children.

This can include:

- ❖ Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration;
- ❖ Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying - without outwardly showing any signs;
- ❖ Communication barriers and difficulties;
- ❖ Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child);
- ❖ Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased;
- ❖ A disabled child's understanding of abuse;
- ❖ Lack of choice/participation;
- ❖ Isolation.

## **Peer on peer abuse**

All staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse.

Even if there are no reported cases, peer-on-peer abuse still may be happening, staff should remain vigilant to this. This is most likely to include, but may not be limited to:

- Bullying (including cyberbullying).
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
- Sexual violence, such as rape, assault by penetration and sexual assault.
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- Up-skirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
- Sexting (also known as sharing nudes or semi-nudes).
- Initiation/hazing type violence and rituals.

All staff should be aware that abuse is abuse and peer on peer abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". Furthermore, they should recognise the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys' perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously.

In order to minimise the risk of peer on peer abuse the school:

Provides a developmentally appropriate PSHCE/RSE and pastoral curriculum which develops pupils' understanding of acceptable behaviour and keeping themselves safe. The school has consulted with parents on the curriculum. The PSHCE curriculum can be found **here**.

Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued. Students can report incidents to a trusted adult, through anonymous stay safe boxes, or through the schools stay safe email (**staysafe@monkswalk.herts.sch.uk**)

Ensure victims, perpetrators and any other child affected by peer on peer abuse will be supported, record any allegations on to CPOMS. A DSL will then investigate, gathering evidence and informing the parents of victims and perpetrators if needed.

Develops robust risk assessments where appropriate (e.g. Using the Risk Assessment Management Plan and Safety and Support Plan tools).

Have relevant policies in place (see anti-bullying, behaviour for learning and equality policies).

Where there is an allegation or concern that a child has abused others, Section 4.4 of the Hertfordshire Safeguarding Children Partnership Procedures Manual, 'Children Who Abuse Others':

[http://hertsscb.proceduresonline.com/chapters/p\\_chil\\_abuse.html](http://hertsscb.proceduresonline.com/chapters/p_chil_abuse.html)

Staff should also refer to Part five of KCSiE (DfE 2021) – 'Child on child sexual violence and sexual harassment':

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

#### Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime.

Increased absence from school

Change in friendships or relationships with older individuals or groups

Significant decline in performance

Signs of self-harm or significant change in wellbeing

Signs of assault or unexplained injuries

Unexplained gifts/new possessions

Also refer to Schools Toolkit the characteristics of young peoples' vulnerability to CSE and CCE on the HGFL;<https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation>

#### **Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)**

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and

access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online. More information include definitions and indicators are included in Annex B KCSiE DfE 2021.

## **Mental Health**

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriate trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by following the procedures in this policy and speaking to the schools DSL.

### ***PREVENT: Safeguarding Children and Young People from Radicalisation***

Children can be vulnerable to extreme ideologies and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from radicalisation must be part of all school and college safeguarding approaches.

All schools and colleges are subject to the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions to have “due regard to the need to prevent people from being drawn into terrorism.” Pg 133 KCSiE (DfE 2021).

There are signs and vulnerability factors that may indicate a child is susceptible to radicalisation or is in the process of being radicalised. It is possible to protect vulnerable people from extremist thinking and intervene to safeguard those at risk of radicalisation. Staff must be alert to changes in children’s behaviour, which could indicate that they may be in need of Prevent support. They must act proportionately to the concern using the Prevent ‘notice, check, share’ approach, which may lead to the DSL making a Prevent referral.

Local Hertfordshire County Council guidance on Prevent is featured at 6.25 of the Hertfordshire Safeguarding Children’s Partnership CP procedures [https://hertsscb.proceduresonline.com/chapters/p\\_prevent\\_guide.html](https://hertsscb.proceduresonline.com/chapters/p_prevent_guide.html) which outlines the specific duties in Hertfordshire. This guidance also features advice on making a Prevent referral. (please note: at the time of writing this policy 6.25 of the HSCP CP procedures is under review)

## **Domestic Abuse**

Domestic abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. See Appendix 4 for information regarding Operation Encompass

## 6. DEALING WITH A DISCLOSURE

If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief.
- Accept what is being said.
- Allow the child to talk freely.
- Reassure the child, but not make promises which it might not be possible to keep.
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault.
- Stress that it was the right thing to tell.
- Listen, only asking questions when necessary to clarify.
- Not criticise the alleged perpetrator.
- Explain what has to be done next and who has to be told.
- Make a written record (see Record Keeping).
- Pass the information to the Designated Safeguarding Lead without delay. (If a DSL or Deputy is not available, staff must inform a senior member of staff or complete a child protection contact referral if this disclosure indicates that the child may be at risk of immediate harm and/or have been suffered significant harm to ensure reporting to Police and/or Children's Services where necessary is not delayed)

### Third Party Disclosures

It's everyone's responsibility to report concerns related to children and make referrals to Children Services and the Police if suspected that a child has been abused or is at risk of abuse.

Therefore, when safeguarding concerns are shared to the DSL in a school by a parent or member of the public, it is important to note that there is equal responsibility by the complainant to report the matter also directly rather than assume the responsibility is that of the school. If unsure of how to do this speak to the DSL / head teacher and they will advise accordingly.

### Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Safeguarding Lead.

**If a School staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy – *Allegations involving school staff/volunteers*.**

## 7. RECORD KEEPING

All practitioners should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal, and should be treated as 'special category personal data'.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Make notes as soon as possible after the conversation. Use the School Child Protection Recording system (CPOMS).
- Record the date, time, (if different from the CPOMS entry), place and any noticeable non-verbal behaviour and the words used by the child.
- Use the body map on the schools recording system to indicate the position of any injuries and a clear description of the injury
- Record statements and observations rather than interpretations or assumptions.
- Do not destroy the original notes/records in case they are needed by a court

All records need to be given to the Designated Safeguarding Lead promptly. No copies should be retained by the member of staff or volunteer.

The Designated Safeguarding Lead will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the designated safeguarding lead.

Where children leave the School, the Designated Safeguarding Lead should ensure their child protection file is transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained. For schools, this should be transferred separately from the main pupil file. Receiving schools and colleges should ensure key staff such as Designated Safeguarding Leads and SENCOs or the named person with oversight for SEN in a college, are aware as required. If the child has an allocated social worker, they will also inform them of the change of school.

In addition to the child protection file, the Designated Safeguarding Lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

## **8. CONFIDENTIALITY**

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police).
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This will ultimately be in the best interests of the child.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

## 9. SCHOOL PROCEDURES

Please see Appendix 3: : KCSiE (DfE 2021) pg.23

If any member of staff is concerned about a child he or she must inform the Designated Safeguarding Lead. The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations. From September 2015 the School has introduced a new electronic database (CPOMS) for staff to report safeguarding concerns, accessed through the Start Menu > CPOMS. Instructions for accessing CPOMS are attached to this policy (Appendix 5)

If a member of staff is unable to access the online reporting facility they should instead complete a 'Record of Concern' form which is available in the staff room or admin office. Alternatively, it can be accessed on the Y Drive > Child Protection.

The Designated Safeguarding Lead will decide whether the concerns should be raised to Children's Services by completing a Child Protection Contact referral. If it is decided to make a Child Protection Contact referral to Children's Services this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSLs role to make Child Protection Contact Referrals, any staff member can make a Child Protection Contact to Children's Services. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM/forced marriage), a Child Protection Contact Referral should be made to Children's Services and/or the Police immediately. Where Child Protection Contact Referrals are made by another member of staff, the DSL should be informed as soon as possible.

If a **teacher** ( persons employed or engaged to carry out teaching work at schools and other institutions in England) , in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police. **This is a mandatory reporting duty.** KCSiE (DfE 2021) pg. 131-132

If the allegations raised are against other children, the school should follow section 4.4 of the Hertfordshire Safeguarding Children Partnership Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of peer on peer abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of any verbal disclosures and observations. (record of concern pro-forma is available on the Hertfordshire Grid for Learning).

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Safeguarding Lead will inform the social worker responsible for the case and transfer the appropriate records to the Designated Safeguarding Lead at the receiving school, in a secure manner, and separate from the child's academic file.

The Designated Safeguarding Lead is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

## 10. COMMUNICATION WITH PARENTS

Monk's Walk School will ensure the Child Protection Policy is available publicly via the School website.

Parents should be informed prior to a Child Protection Contact Referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats/forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material.

(The school may also consider not informing parent(s) where this would place a member of staff at risk).

The school will endeavour to ensure the parents understand the responsibilities placed on the school and staff for safeguarding children.

Where reasonably possible schools should hold more than one emergency contact number for each student. KCSiE (DfE 2021) pg. 26.

Further guidance around information sharing can be located within; Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers (DfE, 2018);

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

## 11. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has harmed a child, or may have harmed a child;
- Possibly committed a criminal offence against or related to a child;
- Behaved towards a child or children in a way which indicates he or she would pose a risk of harm to children; or
- Behaved or may have behaved in a way that indicated they may not be suitable to work with children.

This relates to members of staff, supply staff and volunteers who are currently working in any school or college regardless of whether the school or college is where the alleged abuse took place. Allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.

What staff should do if they have concerns about another member of staff who may pose a risk of harm to children allegations against a professional:

•If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff and volunteers) posing a risk of harm to children, this is to be referred to the headteacher, principal, proprietor of an independent school.

•Where the headteacher or principal is the subject of an allegation, the chair of governors, or the chair of the management committee or proprietor of an independent school (the case manager), should discuss the allegation immediately with the Local Authority Designated Officer(s) LADO.

Staff may consider discussing any concerns with the designated senior lead (DSL) for safeguarding and if appropriate make any referral via them.

The Chair of Trustees in this School is:

NAME: Carole Pomfret

CONTACT NUMBER: 01707 322846

In the absence of the Chair of Trustees, the Vice Chairs should be contacted. The Vice Chairs in this School are:

NAME: Zoe Wright

CONTACT NUMBER: 01707 322846

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. S/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of the Board of Trustees will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

SOOHS (Out of Hours Service-Children's Services) – 0300 123 4043

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation requires a child protection strategy meeting or joint evaluation meeting, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Partnership Procedures Manual.

If it is decided it does not require a child protection strategy meeting or joint evaluation meeting, the LADO will provide the employer with advice and support on how the allegations should be managed.

The Head Teacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer, inform the subject of the allegation.

**For further information see:**

Hertfordshire Safeguarding Children Partnership Procedures Manual. Section 5.1.5 Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043.
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: [help@nspcc.org.uk](mailto:help@nspcc.org.uk)

**What school or college staff should do if they have concerns about safeguarding practices within the school or college?**

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements.
- Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college's senior leadership team.

**Safer working practice**

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/school code of conduct/staff behaviour policy and Safer Recruitment Consortium document

***Guidance for safer working practice for those working with children and young people in education settings (May 2019) and also Addendum April 2020*** available at

<https://www.saferrecruitmentconsortium.org/>

**Safer recruitment**

The safe recruitment of staff is the first step to safeguarding and promoting the welfare of children and young people in education. This school is committed to safeguarding and promoting the welfare of the pupils in its care and expects all staff and volunteers to share this commitment Please find the schools safer recruitment policy here.

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school/college's behaviour management policy for more information.

## APPENDIX 1: KEEPING CHILDREN SAFE IN EDUCATION (DfE 2021)

### Part One: Information for all school and college staff

#### Annex A: Further information

On publication of this Child Protection Policy (September 2021), the CPSLO Service have therefore decided to provide the hyperlink only to Keeping Children Safe in Education in this policy rather than the document in its entirety, due to the potential for updates to the content.

**All** staff that have direct working with children should have access and have read Part one OR Annex A and Annex B (which provides further information specific forms of abuse and safeguarding issues) of this statutory guidance. Those staff who do not work directly with children should read **either Part one or Annex A** (a condensed version of Part one) of this guidance. This is entirely a matter for the school or college and will be based on their assessment of which guidance will be most effective for their staff to safeguard and promote the welfare of children. All Staff should also have the opportunity to seek clarity from designated staff for any content.

This is to assist staff to understand and discharge their role and discharge their responsibilities as set out in this guidance.

We highly recommend that staff are asked to sign to say they have read these sections (please see Appendix 2) and should subsequently be re-directed to these documents again should any changes occur.

## APPENDIX 3: WHAT TO DO IF YOU ARE WORRIED A CHILD IS BEING ABUSED: ADVICE FOR PRACTITIONERS (DfE 2015)

### Flowchart

Page 23 of KCSIE 2021

#### The National Police Chiefs' Council- *When to call the police* guidance

This advice covers incidents on school and college premises where students have potentially committed a crime. It provides guidance on what schools and colleges should bear in mind when considering contacting the police. This advice covers the following situations:

- Assault
- Criminal damage
- Cyber crime
- Drugs

- Harassment
- Sexual offences
- Theft
- Weapons

This advice aims to support schools and college to make defensible decisions when considering whether to involve the police. Further guidance can be found at;

## APPENDIX 4: OPERATION ENCOMPASS – Information sharing from Police regarding Domestic Abuse notifications (2<sup>nd</sup> December 2019)

### Operation Encompass Safeguarding Statement:

- Our school is part of Operation Encompass. This is a police and education early intervention safeguarding partnership which supports children and young people who experience Domestic Abuse.
- Operation Encompass means that the police will share information about Domestic Abuse incidents with our school PRIOR to the start of the next school day when they have been called to a domestic incident.
- Our parents are fully aware that we are an Operation Encompass school.
- The Operation Encompass information is stored in line with all other confidential safeguarding and child protection information.
- The Key Adult has also led training for all school staff and Governors about Operation Encompass, the prevalence of Domestic Abuse and the impact of this abuse on children. We have also discussed how we can support our children following the Operation Encompass notification.
- We are aware that we must do nothing that puts the child/ren or the non abusing adult at risk.
- The Safeguarding Governor will report on Operation Encompass in the termly report to Governors. All information is anonymised for these reports.
- The Key Adult has used the Operation Encompass Toolkit to ensure that all appropriate actions have been taken by the school.

OUR KEY ADULTS ARE: Amber Cook

### **Children missing from education in accordance with setting attendance policy**

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of underachieving, being victims of harm, child sexual exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Department for Education guidance makes it clear that in carrying out this duty, local authorities must have in place arrangements for joint working and information sharing with other local authorities and partner agencies. It also states that all agencies which come into contact with children must cooperate with the local authority's arrangements for identifying children thought to be missing from education.

Separate guidance is available for schools on Herts Grid for Learning; about the legitimate removal of pupils from a school roll. A child legitimately removed from roll is not in most cases missing from education and all schools, including academies and independent schools are legally required to notify the local authority when they remove/plan to remove a child from their roll.

## APPENDIX 5: Ofsted school Inspection Handbook September 2021

This handbook is primarily a guide for inspectors on how to carry out school inspections. However, it is made available to schools and other organisations to ensure that they are informed about the processes and procedures of inspection. It seeks to balance the need for consistency in inspections with the flexibility required to respond to the individual circumstances of each school.

On publication of this Child Protection Policy, September 2021, we have decided to provide the hyperlink only to the Ofsted School Inspection Handbook rather than the document in its entirety, due to the potential for updates to the content.

## APPENDIX 6: Using CPOMS to report a safeguarding concern.

**If you have a safeguarding concern about a child, you should log on to CPOMS immediately to report your concern to the safeguarding team.**

1. Access the Start Menu  and select CPOMS  from the list.
2. Log into CPOMS using your individual login (consisting of your email address and the password you will have created).
3. Click the '**Add Incident**' button
4. Enter the student's name into the '**Student**' box
5. Enter your concern into the '**Incident**' box. Make sure you give full details; add any additional information you feel is relevant as well as your response. Be careful to be accurate and specific as once you submit the incident, you cannot delete it.
6. Select a category which you feel best describes your concern. If there is an overlap you can select more than one. If none of the available categories are relevant, select 'Other'.
7. Do NOT USE the '**Linked Student(s)**' box. This is for DSL use only.
8. Amend the '**Date/time**' box to record when it actually happened if you are reporting a specific incident or disclosure.
9. In the '**Alert Staff Members**' box click on the '**Designated Safeguarding Lead**' button. Do not add any other staff members' names.
10. Ignore the '**File(s)**' and '**Agency Involved**' boxes. (for DSL use only).
11. Finally, click the '**Add Incident**' button at the bottom of the page once you have read through and are happy with what you have written.

If you are unable to access CPOMS, you should record your concern in writing on a '**Record of Concern**' sheet, and pass it straight to one of the Designated Safeguarding Leads. Record of Concern sheets can be obtained from the staff room or the admin office. An electronic version can be found on the Y Drive (Staff Info), in the Child Protection folder.

## APPENDIX 7:

### Sexual violence and sexual harassment between children in schools and colleges guidance (2021)

This is advice provided by the Department for Education (the department). Its focus is child on child sexual violence and sexual harassment at schools and colleges. The advice covers children of all ages, from primary through to secondary stage and into colleges and online. For the purposes of this advice, a child is anyone under the age of 18. Whilst the focus of the advice is on protecting and supporting children, schools and colleges should of course protect any adult students and engage with adult social care, support services and the police as required.

The advice sets out what sexual violence and sexual harassment is, how to minimise the risk of it occurring and what to do when it does occur or is alleged to have occurred. The advice highlights best practice and cross-references other advice, statutory guidance and the legal framework.

It is for individual schools and colleges to develop their own policies and procedures. It is important that policies and procedures are developed in line with their legal obligations, including the Human Rights Act 1998 and the Equality Act 2010, especially the Public Sector Equality Duty, and their local multi-agency safeguarding arrangements. It is important that schools and colleges consider how to reflect sexual violence and sexual harassment in their whole school or college approach to safeguarding and in their child protection policy.

On publication of this Child Protection Policy, September 2021, we have decided to provide the hyperlink to the document rather than the document in its entirety, due to the potential for updates to the content.
